Grip & clamps

Manufacturer:	Model:
Manfrotto	M035VR Super Clamp
Manfrotto	196b-2 Articulated Arm

Services

Production

We provide support for all aspects of creative projects — from consultation, budgeting, research, development and design, to site surveys, technical drawing and fabrication.

Installation

Our crews accommodate for a wide range of sites and projects, covering all aspects of install, including risk assessment, logistics and on-site management.

Exhibition build & art handling

We offer exhibition construction services, including art handling, hanging and temporary or permanent stud walls for exhibitions and studios.

*The kit inventory is updated regularly and so not all of our items may be featured in this document. We are also more than happy to source equipment and connect people with our trusted network of creative professionals, just ask.
